

## Blind Ignorance

Humans blind ignorance  
has a clearly consequence -  
the world wide bargain of blinds rises  
every day you need a bigger, bigger one.  
You walk strait ahead  
the simpliest way you've chosen once  
and every day you lose an other better chance.  
Fedded by the liars  
Fedded with the lies

Here we are without weapons in our hands  
Here we are with the truth on our lips

Humans blind egoism  
couses cataclysm  
The servival suplies bargain rises  
every day you need a better better one  
You walk stait ahead  
to the surely end  
and every day you've chose the same one same one way  
Fedded by the liars  
Fedded with the lies

Take a Look around the world is breaking down  
Take a Look around you idle peace of shit  
Take a Look around the world is burning down  
Take a Look around your ignorance is feeding Chaos 4x
